CATALUNYA

Stalls and inns

Our cuisine is our land, history and culture. Traditional Catalan recipes are proof of this Mediterranean destination's wide range of ingredients and varied landscape: the sea and the mountains, fish and game, garden produce, dairy products wines... All of them reflect the culinary wealth of Catalonia.

For visitors who enjoy fine dining, we created the Catalan Gastronomic Hotels emblem: more than 45 hotel establishments spread throughout the country, specialising in Catalan cuisine and local produce. Tasting those ingredients in the places they are grown will let you discover who we are through our dishes.
