Costa Brava

For a combination of golf and relaxation by the sea, the Costa Brava has all the ingredients: from beaches with crystal clear water to mountains that are sure to delight your adventurous spirit, it is also a paradise for wine lovers and foodies. Culture enthusiasts can enjoy museums, concerts and festivals as well as follow in the footsteps of the previous civilisations who occupied this land, some of which date back to the Palaeolithic age.

PGA Catalunya Resort

It considers itself to be an exclusive resort, home of the No.1 golf course in Spain. Its two courses and the resort itself have been awarded several international prizes. The resort includes the new five-star Hotel Camiral that opened in 2018 and has been specially designed for golfers. It also has exclusive properties to buy or rent, facilities for various sporting, social and corporate events, several restaurants and other services.

In Platja d’Aro (90 km from Barcelona and 35 km from Girona), the Club de Golf d’Aro Mas Nou is the only golf course with sea views and is surrounded by Gavarres natural Park and is also located 300 metres above sea level. It was designed by the prestigious architect Ramon Espinosa and built in 1990. In 1992 it was chosen by the European Society of Golf Course Architects as “Best European Golf Course” and in 2017 it received an environmental certification from “the Golf Environment Organization.” It’s currently in 52nd position in the ranking of “top 100 Golf Courses.” It has a large fleet of electric vehicles and an equipment rental service suitable for all levels.

In the heart of the Costa Brava, with fantastic surroundings, this course could be defined as being technically perfect: there are 36 holes with a wide variety of strokes and techniques.

LInKS: Freedom, space and abundance characterise this course which features dunes, lakes and bunkers.

Slopes, it’s a course suitable for all golfers as the design adapts to different levels of play. The facilities also include a driving range, P&P, golf school and Pro-shop. the resort is completed by a recently refurbished 5-star hotel with a Wine Spa and an excellent culinary offering.

Peralada Golf is in the heart of the Empordà region and is located between the Pyrenees and the Costa Brava. With an 18-hole course, par 71, and a total distance of 6,070 m, it is ideal for holding competitions of all levels or enjoying a pleasant and relaxed day.

The Club de Golf TorreMirona is in the heart of the Alto Empordà region and is nestled between the Canigó mountain and the Bay of Roses. It’s an 18-hole, par 72 course designed by Emili Aguado and Jordi Soler for commercial use, but with very technical elements that demand effort from those with low handicaps, all while also ensuring that those with medium and high handicaps can enjoy the course as well. Wide, well-manicured fairways accompany undulating, devilishly fast greens.

FOREST: Shade, water, trees and silence open the way between the imposing pines and lakes that you’ll find throughout the course.

Facilities include a 4-star hotel with 87 rooms and spectacular views of the course. Next to the Clubhouse are two tees and a driving range.

Built in an immense pine forest in front of the white sand beach in Pals, this is the oldest course on the Costa Brava and one of the best in the country. Designed by F.W. Hawtree, the course has the ability to delight all players, from novices to experts. Of special note is the respect for nature that both the designer and the promoters demonstrated from the beginning. With the hosting of the Spanish Open in 1972, Golf de Pals became the venue for the first tournament of the PGA European Tour which was followed by numerous amateur and professional championships. The course offers a golf school, equipment rental, and is close to a wide range of accommodation options. It also has direct access to La Costa Golf & Beach Resort. The tourist, scenic and culinary environments are excellent.

Park Hotel San Jorge

The hotel is open all year round and has direct access to two crystal-clear coves on the Costa Brava. It offers modern facilities, including a large terrace and swimming pool overlooking the sea, and has turned its spa into one of its hallmarks.

Paradise-like coves await you all along its coastline which have been sculpted by the breeze from Lloret de Mar to Cadaqués. And inland, don’t forget to visit quiet villages such as Pals, Peralada or Monells, which feature medieval cobblestone streets. An ideal location to sample the delicious cuisine of the sea and mountains and let yourself fall in love with the landscapes painted by Dalí.

And after the swing....
DREAM COVES, CHARMING VILLAGES IN THE FOOTSTEPS OF DALÍ
